Get Involved!

Long-time members will continually tell us the secret to their success was getting involved. We provide numerous ways opportunities for members to network with fellow members, join special interest groups which will to exchange ideas with like-minded members, promote and gain recognition for your company, and help shape the future of this association.

Councils

Remodelers Council ...................... Dues: $60
The Remodelers Council serves the interest of remodeling industry members by providing insightful topics that stimulate business development and best practices. The council promotes the benefits of remodeling and engages in regularly scheduled meetings, educational programs, and council sponsored events. Explore member-only materials including building science guidance, regulation compliance, and certification to the National Green Building Standard. Membership to the NAHB Remodelers council offers exclusive access to tools, newsletters, and resources at NAHB.

Sales and Marketing Council .......... Dues: $95
The Sales and Marketing Council (SMC) was founded to help builders sell homes more effectively. The council provides training, offers awards and recognition programs, and provides sales and marketing tools to council members. Membership to the SMC gives you access to the Institute of Residential Marketing (IRM), and the benefits of earning an IRM designation.

Professional Women in Building ..... Dues: $75
The PWB Council is dedicated to supporting the professional development of the women in the home building industry. The Council works to: facilitate the exchange of information and ideas, promote the advancement of women in the industry, provide a forum for the discussion of issues, organize educational programs that foster the development of women, and foster involvement in community activities.

Multifamily Council ..................... Dues: $130
The Multifamily Council focuses its attention on issues relating to this ever-expanding segment of the industry. Topics including green building requirements, financing, government regulations, legislation and property management are explored. Whether you are involved in rental housing, student housing, or for-sale multi-unit projects, this council offers the resources and tools to navigate the industry. NAHB Multifamily represents the specific interests of builders, developers, owners, and managers of all sizes and types of condominiums and rental apartment.

50+ Housing Council ..................... Dues: $130
The 50+ Housing Council is the voice of the 50+ seniors housing industry and a leading source of information and research on the active adult, independent living, service-enriched, and assisted-living markets. Membership gives you access to these valuable resources and offers opportunities to network with peers and experts in the industry. The 50+ Housing Council serves the special needs of NAHB members involved in all aspects of 50+ housing, including design, development, finance, ownership, management, and sales and marketing.

Committees

Membership Committee
The Membership Committee is charged with the recruiting of new members and the retention of current members. Working with the Executive Officer, the committee establishes membership goals and promotes campaigns and programs designed to grow and maintain membership including; new member recruitment programs, membership drives, and recognition of outstanding achievement by individual members.

PRISM Committee
The PRISM Committee, a subcommittee of the Sales and Marketing Council, oversees the annual PRISM Awards. PRISM, an acronym for Prestigious Results in Sales and Marketing, is the Greater Boston area’s most important awards program for builders, remodelers and associated professionals. The committee is responsible for the planning, marketing and sponsorship initiatives pertaining to this exclusive event.

The Building Technology Committee
The Building Technology Committee (BTC) provides a forum for the ever-changing world of technology within the building and remodeling industry. From Complete Home Automation Integration to Building Information Modeling (BIM) the home building industry offers comprehensive systems to enhance the process of construction and the livability of a home. The BTC offers educational programs for members to increase awareness about techniques, systems and products that offer innovative solutions for builders and remodelers.

Green and Healthy Homes Committee
The Green and Healthy Homes Committee provides opportunities for professionals in the residential building and remodeling industry in Massachusetts to learn about the latest in green building design, technology and techniques. This committee works to improve builder and consumer understanding of what “Green” is and how to incorporate “Green” into future projects.

Program and Events Committee
The Program and Events Committee plans and oversees the annual BRAGB winter ski and summer golf outings. Members are invited to participate in committee activities from planning, fundraising, sponsorship, and volunteering to assist the BAGB staff at both events.

Education Committee
The Education Committee is charged with developing and overseeing educational programs including the Builders Licensing Course and other CEU courses. The committee focuses on professional and workforce development education and training offering. A safety subcommittee dedicated to establishing timely safety training and information is implemented.

Government Affairs Committee
Political action arm of the HBA. Liaises with State government affairs committee to disseminate information about issues facing the building industry, particularly in our region. Strengthens the housing industry by supporting ballot issues of concern and candidates who understand the economic impact of the industry.

Leadership
Interested in learning more about getting involved in a leadership role (Council or Committee Chairperson, Board of Directors, Executive Committee)? Contact Mitch Zucker at 781-890-2101 or email: mitch@bragb.org.
